9. The Department of Sports vide their correspondence bearing No. 9-5/MYAS/MDSD/2019(Pt.)/569 dated 10.02.2020 have conveyed their observations on the proposals. The observations are as under:-

a. Decision on such proposals for creation of sports infrastructure at such high cost may be taken by keeping in view the size of population to which it will cater, per capita utilisation of the infrastructure and availability of existing sports infrastructure in vicinity. Such details including, plan for optimum utilisation of the proposed infrastructure, are not given in the DPRs/Cost Abstract submitted by State.

b. In spite of the proposals being for different categories of sports infrastructure, the cost of all five projects proposals has been uniformly pegged at Rs.25 crore, which appears to be unreasonable.

c. The said location is falling under seismic zone V and it is specified that the design parameters and other guidelines should be followed, as per advice & directions given in IS code 13920-2016 & IS code 875-2015. It is observed that as per the reference given in the attached drawing relating to the above said project, where in the design criteria are considered accordingly to the old IS code 875-1987 and IS code 13920-1993. The revision of design criteria considering the latest application IS code as referred above is essential for safety & stability of the proposed structure.

d. The dimension shown in the drawing attach with the DPR are not very clear so cross verification of the measurement and estimated quantity and cost as reflected in the estimate is difficult in the abstract of the DPR

e. The provision for internal water supply and sanitary installation charges are taken as 7.5% of the construction work but as per the CPWD plinth area rate

2019 basis, it should be only 4% of the cost of the structure. Accordingly, it may be revised.

f. In the DPR of the proposal the cost of the internal electrical installation is considered as 8.5%, however as per the CPWD plinth area rate 2019, it is 12.5% of the construction.

10. The observations of Department of Sports were shared with the State of Meghalaya through email dated 14.02.2020 from Deputy Secretary, Minority Affairs.
