(xiii) Strengthening of State Waqf Boards

The JPC in its Ninth Report had recommended that the State/UT Waqf Boards should be given central financial assistance as the present level of assistance provided by the State Governments is not only inadequate but also uneven. The primary responsibility of administration of auqaf vests with the State Governments. The assistance to the State Governments for strengthening their Waqf Boards should result in a more transparent and accountable administration and management of their waqf properties and allow improvement in income generation and attaining self-sufficiency. Further, such funds should be provided subject to certain conditions that will ensure that the functioning and institutional capacity of the State/UT Waqf Boards improve their income generation and become self-sufficient. Improvement in their capabilities will facilitate enhancement in their income that will reduce, and over the period of time, eliminate their dependence on outside financial support.

Funds under the scheme are released to Central Waqf Council who in turn would give the fund to State/UT Waqf Boards. The Council would be the implementing Agency. 5% out of 10% earmarked as contingency fund would be for administrative and allied cost for use of CWC.

Under the Scheme, loan is extended to various Waqf

C. The Prime Minister's New 15-Point Programme for the Welfare of Minorities

An important aim of the new programme is to ensure that the benefits of various government schemes for the underprivileged reach the disadvantaged sections of the minority communities. In order to ensure that the benefits of these schemes flow equitably to the minorities, the new programme envisages location of a certain proportion of development projects in minority concentration areas. It also provides that, wherever possible, 15% of targets and outlays under various schemes should be earmarked for minorities.

As envisaged in the Prime Minister's New 15 Point Programme for the Welfare of Minorities, earmarking of 15% of the physical targets and financial outlays has already been done in respect of most schemes, considered amenable to earmarking.

POLICY INITIATIVES AND REFORM MEASURES

Policy Initiative

There are six communities – Muslims, Christians, Sikhs, Buddhists, Parsis and Jains—notified by the Government as minority communities under Section 2 (c) of the National Commission for Minorities Act, 1992. As per the 2001 Census, these minority communities constitute 18.82 per cent of the total population. The Ministry has taken several policy initiatives to ensure equitable distribution of development benefits to the minorities, especially in education, employment opportunities, and living conditions, some of which are given below:

(i) Prime Minister's New 15-Point programme for the Welfare of Minorities : The Prime Minister's New 15 Point Programme for the Welfare of Minorities was announced in June, 2006. The objectives of the programme are (a) Enhancing opportunities for education; (b) Ensuring an equitable share for minorities in economic activities and employment, through existing and new schemes, enhanced credit support for self-employment, and recruitment to State and Central Government jobs; (c) Improving the conditions of living of minorities by ensuring an appropriate share for them in infrastructure development schemes and; (d) Prevention and control of communal disharmony and violence.

An important aim of the new programme is to ensure that the benefits of various government schemes for the underprivileged reach the disadvantaged sections of the minority communities. In order to ensure that the benefits of these schemes flow equitably to the minorities, the new programme envisages location of a certain proportion of development projects in minority concentration areas. It also provides that, wherever possible, 15% of targets and outlays under various schemes should be earmarked for minorities.

(ii) Education: The Ministry has laid emphasis on improvement of education and has taken steps for introducing new schemes and for augmentation of the corpus of MAEF. These include scholarships for students belonging to minority communities, namely, Pre-matric, Post-matric, Merit-cum-means scholarships and Maulana Azad National Fellowship for minority students. These schemes and the scheme for Free Coaching & Allied scheme provide for earmarking 30% scholarships for girl students from the minority communities. Some more schemes for promotion of education are implemented by the Maulana Azad Education Foundation, namely, scheme for assistance for construction and expansion of hostels and technical and vocational training and scholarships for meritorious girl students belonging to the minority communities for study in class XI and XII. The objectives and projected outcomes of these schemes are given in chapter II.

(iii) Employment opportunities:

(a) NMDFC is proposed to be restructured based on the recommendations of a committee of professional bankers and financial experts. A consultancy firm was appointed, submitted its final Reports in July, 2011. This report was examined in consultation with stakeholders and another High Level Committee (HLC) was constituted in March, 2012. The HLC submitted its Report in August, 2012. On the basis of this Report the matter is presently under inter-ministerial consultations.

(b) Free Coaching & Allied Scheme: Coaching and Allied scheme has been revised to cover training and improve its impact. The scheme provides for earmarking 30% benefits for girls.

(iv) Area Development Programme

Multi-sectoral Development Programme: Minority Concentration Districts (MCD) were identified in 2007 on the basis of substantial minority population and backwardness in terms of socio-economic and basic amenities indicators. The objective of MsDP is to bridge the development deficits in socio-economic status and availability of basic amenities in the identified MCDs. The MsDP is a special area development programme and was launched in 2008-09. It is implemented through the State Governments /UT Administrations. In order to sharpen the focus on minorities, it is proposed to make block as the unit of planning in place of district and expand the programme to other deserving areas like minority concentration towns/cities and clusters of minority concentration villages. Consequently, three new schemes of 2012-13, namely, (i) Scheme for promotion of education in 100 minority concentration towns/cities (ii) Village development programme for villages not covered by MCB/MCD and (iii) Support to Districts Level institution in MCDs, have been merged in the Multi-sectoral Development Programme, which is being restructured. The scheme, namely, Free Cycle for Girl Students of class IX is also being merged with this programme.

(v) Women Empowerment

Ministry of Minority has started implementation of the scheme for “Leadership Development of Minority Women” from 2012-13. The objective of the programme is to empower and instill confidence in women, by providing knowledge, tools and techniques for interacting with Government systems, banks, and intermediaries at all levels so that they are emboldened to move out of the confines of home and community and assume leadership roles and assert their rights, collectively and individually, in accessing services, facilities, skills and opportunities besides claiming their due share of development benefits for improving their lives and living conditions. Empowerment of women per se is not only essential for equity, but it constitutes a critical element in the fight for poverty reduction, economic growth and civil society strengthening.

(vi) Computerization of Records of State and UT Waqf Boards.

The scheme of computerization of records of State and UT Waqf Boards will introduce transparency, enhance efficiency of the Waqf Boards to allow them to monitor their aqaf, update property data bases, prevent encroachments, monitor incomes from waqf properties, fight legal cases on time, and streamline record keeping and management. The software for the computerization process has been developed by the National Informatics Centre in consultation with the Ministry. The Scheme is now being implemented by Central Waqf Council.

Reforms/ Steps for Improvement.

The following steps have been taken for the improvement of the ongoing Schemes:-

(I) National Minorities Development & Finance Corporation (NMDFC);

(i) The progress of implementation of NMDFC schemes is reviewed on a quarterly basis with reference to targets and achievements set in the Memorandum of Understanding (MOU) between the NMDFC and the Government of India.

(ii) The State Governments are pursued actively for release of their contribution towards equity of NMDFC and for submission of proposals for strengthening of State Channelising Agencies (SCAs). Annual conference of SCAs is held every year for finalization of annual plans and tentative allocations.

(iii) A scheme for strengthening State Channelising Agencies (SCAs) was introduced with a view to strengthen the infrastructure and performance of SCAs.

(iv) NMDFC is being restructured based on the recommendations contained in the Report submitted by SBI CAPS in December, 2013.

(II) Maulana Azad Education Foundation (MAEF):

(i) The corpus fund of MAEF has been substantially increased during the Eleventh Five Year Plan (2007-2012). It is envisaged to be increased during the Twelfth Five Year Plan Period.

(ii) The organization has ensured that all important information with regard to grants-in-aid to NGOs and scholarships to girls are available on the website of MAEF i.e. www.maef.nic.in.

(iii) State-wise allocation of MAEF's resources has been made for an equitable distribution among States/UTs.

(iv) An evaluation-cum-asset verification study was undertaken.

(III) Monitoring of progress of various schemes and programmes:

Ministry of Minority Affairs places special emphasis on monitoring and evaluation of schemes and programme being implemented by the Ministry for which comprehensive multi-level system of monitoring of its programmes has been evolved. Salient features of the monitoring mechanism are:

- a) Monitoring mechanism is in-built in each scheme to ensure that objectives are achieved.
- b) Implementation of Central Sector Plan Schemes and Centrally Sponsored Schemes are monitored through periodical progress reports received from State Governments/implementing agencies, indicating financial and physical progress of implementation of schemes.
- c) The progress of implementation of programmes /schemes is reviewed with concerned State Governments/UT administrations/Agencies/Organizations.
- d) The progress of the Prime Minister's New 15 Point Programme for Welfare of Minorities is reviewed every quarter by the Ministry, on half-yearly basis by a Committee of Secretaries, and thereafter a report is submitted to the Cabinet. The State and District Level Committees constituted for this programme also monitors the progress at the State and district level.
- e) Multi-Sectoral Development Programmes (MsDP) in Minority Concentration Districts (MCD) has comprehensive multi-level system of monitoring. MsDP is monitored by committees in the district, States and Central levels.
- f) Utilization Certificates, audited accounts and other requisite reports thereon by implementing agencies are pre-requisites for release of second and subsequent installments.
- g) Social audit is enabled by placing the list of students awarded scholarships and photographs of assets created under MsDP in the website of the Ministry and States/UTs. Hyperlinks are provided on the website of the Ministry (<http://www.minorityaffairs.gov.in>).
- h) The Online Scholarship Management System (OSMS), implemented during 2011-12 for Merit-cum-means based Scholarship has proved successful. Accordingly, the Online Scholarship Management System has been extended to Post-matric Scholarship scheme from the year 2012-13. The funds under these schemes will be released under Direct Benefit Transfer (DBT) Mode during 2014-15.

NMDFC is a company registered under the Companies Act, 1956 and MAEF is a society registered under the Societies' Registration Act, 1860. Accountability of the organizations is ensured through the following mechanisms:

It provides concessional finance for self employment activities to eligible beneficiaries belonging to minority communities having a family income below double the poverty line. In order to ensure smooth functioning, increased accountability and transparency the following additional steps have been taken:-

- (i) Quarterly reviews are being undertaken.

- (iv) An evaluation cum asset verification study on the schemes and programmes of the Foundation was carried out by Indian Social Institute in 2009-10. Broadly, the agency, *inter alia*, recommended enhancement of corpus fund of MAEF, computerization of vital data, proper utilization of funds etc. Based on these recommendations, the size of the corpus fund of the Foundation has been enhanced, the major activities in the organization have been computerized and monitoring and inspecting procedure has been streamlined.
- (v) The resources of MAEF have been distributed in State wise manner in order to make sure that every State/UT is covered under the scheme and programme of the Foundations. Prior to 2008-09, no physical and financial targets were set

by the MAEF for its Grants-in-aid scheme to NGOs. From the year 2008-09 the MAEF has started setting targets for this scheme.
